

Put your good, usable latex paint to use!

Reduce the amount of waste you produce by donating your latex paint for someone else to use.

Do you need paint? You can pick from the donated paint whatever you would like to use... **FOR FREE!!!**

What kind of paint should I NOT bring to the exchange?

- oil based paint (it's hazardous, so still bring it for the HHW part of this event)
- dried up latex paint, nearly empty cans of latex paint, or unusable latex paint, which can be dried up and discarded as refuse
- spray paint, or any other kind of paint besides latex based paint!

Location: 410 Cinnabar Road, Christiansburg.
Montgomery County Parks and Recreation "Frog Pond"

From Christiansburg:

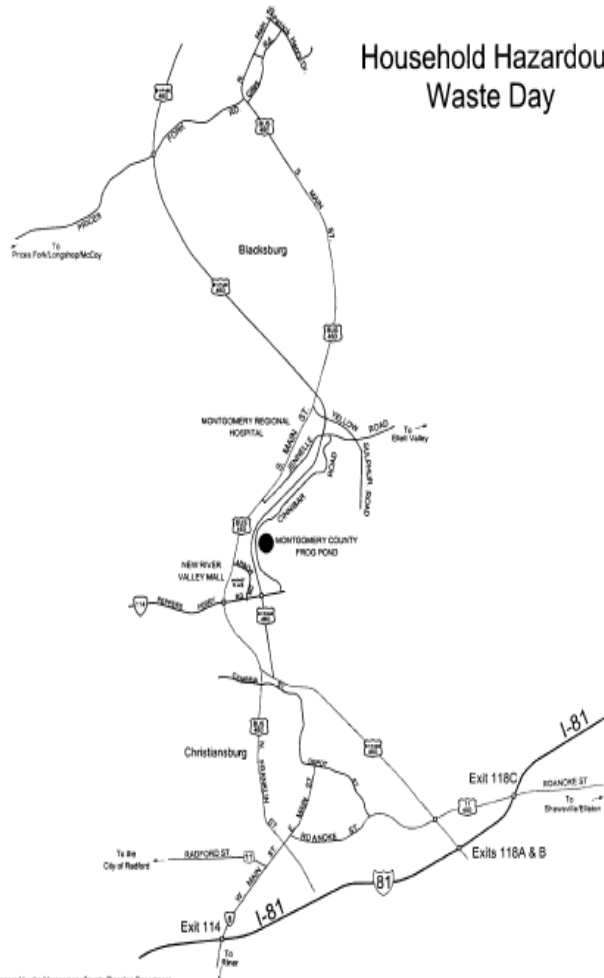

From Franklin St., turn onto Pepper's Ferry Rd. (e 114) and proceed past Lowes to the end of the road. Turn left onto Cinnabar Rd., and proceed .6 miles to 410 Cinnabar Rd., Montgomery County Parks and Recreation "Frog Pond"

From Blacksburg:

Follow South Main St. towards Christiansburg. Turn left on Jennelle Rd. at Duncan Ford/Mazda. Follow Jennelle Rd. .5 miles, and turn right on Cinnabar Rd. Follow Cinnabar Rd. 1.2 miles to Montgomery County Parks and Recreation "Frog Pond"

From the 460 Bypass

Coming East or West on the 460 bypass, take the Peppers Ferry Road / Radford exit. Turn left, and proceed to the end of 114 east (about .1 miles). Turn left on Cinnabar Road, and follow it approximately .6 miles to 410 Cinnabar Road, Montgomery County Parks and Recreation "Frog Pond"

GIS and Mapping Services, 2/11/05.

Banish Your Evil Spirits!

Hazardous Household Waste and Latex Paint Exchange Day

**Saturday May 20, 2006
8:30 a.m. to 11:30 a.m.**

It's free! Just pre-register between May 1st and 12th!

In order for you to dispose of Household Hazardous Waste at this event, **you MUST call between May 1st and 12th to pre-register***. Make a list of the items you wish to bring, and call:
961-1851 (Blacksburg),
382-6128 (Christiansburg), or
394-2120 ext.4085 (Montgomery County). **Collection capacity is limited, so call between May 1 and May 12 to insure your participation.**

*Pre-registration not required for the latex paint exchange.

Please use good judgement when selecting material to bring to Hazardous Household Waste and Latex Paint Exchange Day. Only bring truly hazardous items for disposal. Please bring only good, useable latex paint for the exchange, nearly empty, dried out, or otherwise useless latex paint can be discarded with your normal refuse. Simply make sure the paint inside is dried out, and remove the lid before putting it in your trash cart. Please take time to separate oil and latex based paints before the event to save time.

Please take advantage of the alternative recycling/disposal opportunities below for your batteries, used motor oil and antifreeze. We want to fully take advantage of this opportunity to rid our area of things that can't be disposed of regularly.

Used oil and antifreeze can be delivered to Montgomery County Consolidated Sites in closed containers and to many local automotive supply stores.

Automotive batteries are accepted at

Advanced Auto

Rechargeable batteries

can be recycled for free at Radio Shack

Some things you can bring to HHW Day:

oil based paint
stains and varnishes
wood preservatives
paint strippers & thinners
solvent adhesives
lighter fluid
fuels, gasoline, kerosene, diesel
propane containers 1 lb. or smaller
antifreeze
engine degreaser
brake fluid
carburetor cleaner
transmission fluid
car wax & polishes
driveway sealer
roofing tar
rug and upholstery cleaner

swimming pool chemicals
poisons, insecticides, fungicides, weed killer
chemical fertilizers
moth balls
flea control products
rubber cement, airplane glue
household batteries
mercury thermometers
fluorescent bulbs
fiberglass resins
photo chemicals
furniture polish
floor and metal polish
oven cleaner
drain and toilet cleaner
spot remover
hobby supplies, artist supplies

What NOT to bring:

empty paint cans
empty containers, trash
commercial or industrial waste
agricultural waste
radioactive waste
smoke detectors
infectious or biological waste
ammunition, fireworks, explosives
fire extinguishers
prescription medicines, syringes
propane containers larger than 1 lb.
asbestos
animal carcasses

Tips for identifying Household Hazardous Waste (HHW):

Corrosives: labels usually state, "AVOID CONTACT WITH SKIN OR EYES"

Flammables: labels usually state, or "KEEP AWAY FROM FLAMES"

Toxic Materials: labels often contain the skull and crossbones and usually state, "KEEP OUT OF REACH OF CHILDREN"

Oxidizers: labels usually state, "STRONG OXIDIZER"

Tips for transporting your HHW safely:

- leave materials in original containers
- tighten caps and lids
- sort and pack separately: oil, paint, pesticides, household cleaners
- pack containers in sturdy upright boxes and pad with newspaper
- never mix chemicals
- never smoke while handling HHW
